public utilities is a thing to be desired, but municipal operation is a hazardous, risky business. Eveluding our own Hy-dro Electric department, we have only to look at how municipal management works out in this city as well as in Toworks out in this city as well as in To-ronto. We can see the waste, the ex-travagance, the blunders, the doing and undoing of things, the change of policy the lack of continuity in oversight or control, all working against economy of efficiency. Mr. Taft's warning should be heeded be heeded.

#### SCOTT ACT VICTORIES.

Yesterday the electors of the Counties of Huron, Peel and Welland, voted in favor of the application of the Canadian Temperance Act to these counties, clos-Temperance Act to these counties, clos-ing 10b bars, and problibiting the sale of intoxicating liquors in clubs, hotels, and all other places &cept dring stores, and even there liquor-can only be sold in cer-tain quantities, under a dector's or a magistrate's certificate. The contests in these three constituencies have been perance and liquor interests fighting hard for their sides. Owing to the close-ness of the votes there may be recounts in both Welland and Peel, but Huron has given a decided verdict in favor of has given a decided verdict in fax the Act. The Canada Temperance overrides the Local Option Act, and townships where this latter Act is in force, will come under the Dominion Act. We do not know how Mr. Rowell will view the outcome of these fights in review the outcome of these fights in teation, to his "shoulish the har" campaign. It may lead him to the conclusion that the Social Ket is perhaps the most effective and easiest way to abolish the hard, and that it may be left in the hands of the temperance people to finish its work, along with the Local Option Act, while he devotes his energies and his time to the premotion of other reforms outlined by himself in his various public addresses. This matter is well worthy has serious consideration. It is a poculiar fact that local option carries where a total option candidate fails.

You will need an extra pair of boots, especially during the next two months.

Keep this fact in mind. Here's the opportunity to buy them at a great saving: You know it seems ridiculous to be offering such GOOD boots all at the one low price—but the fact is, we've only got the one day to sell the lot—and we must get brisk business right from the time the store opens, to do so. This is, we believe, the best shoe bargain the women of Hamilton have been offered since our great clearance sale last July. They are ALL "EM-PRESS" SHOES, stamped by the makers! The range includes:

Patent Colt Boots, dull kid tops, in Button, Blueher and Balmoral

uine Vici Kid Boots, in Button and Blucher styles.

Gun Metal Boots, in Button and Blucher styles (some with double solized waterproof soles).

Tan Calf Button Boots, with high-cut tops, Goodyear soles

Thus you see, there's a style to please everyone—and they are all made with the newest shaped toes and heels. There are ALL SIZES IN THE LOT, IN VARIOUS WIDTHS. Regular

# Kitchen Cabinet **Opportunity**

Made exactly like the illustration of selected hardwood and nicely finished. It is a real Kitchen Cabinet and not a makeshift. Notice in the top are two large cupboards and one small one, a sugar bin and two small spice drawers and a larger drawer. The table is covered with nickeloid, making it sanitary and easily kept clean. In the base is the large cupboard with movable shelf, two cutlery drawers and one large drawer lined with zinc which can be used as a flour bin or a bread box. There is also a cutting or baking board and spice, tea and coffee tins. A thoroughly complete Cabinet. The regular price is \$23.00, but the February Sale price will be

\$16.85
